

WHAT: St. E's 7Th grade -ROBOTICS TEAM

We will: **BUILD A ROBOT AS A TEAM, AND COMPETE**
Be a beginner and **know nothing**, "*yes nothing*" and have fun
We will teach you every thing; it is easy but challenging

Goal: HAVE FUN, BUILD A ROBOT,

When: **First meeting - FRIDAY, 10/14, after school,**
in the LIBRARY, 3:15-5 PM.
All future meetings will be every Friday 3:15-5 PM, same place

Who can join: **Only 7Th graders** this year. We only have **7 more slots**. **Boys and Girls** can join. Some of **the best teams have girls on them too**.

You get to: **Build a Lego robot -----and go crazy**
Learn to program a robot---and have fun
Solve a world problem---maybe, become heroes
Compete against robots----win or loose, **HAVE CRAZY FUN**
Make new friends—from all over the world
Be excited, be challenged, use your brain, have a blast

On competition day – We will wear a crazy T-shirt
Compete against international, and national robot teams like:
“The Flaming Ducks” and “The Dragons Robot”

What parents get?

Potential for **scholarships**- to help you pay for college
Something for a college application-your child has done something unique
Exposure to **top schools**-They **will want your son or daughter**
Potential summer job for your child- to teach robotics

How to Join: No experience required!
Send me an Email, call me, or just show up
